

BECOMING A FEMALE PYTHONISTA

ADEKANMI OLUWAPEMI
PYTHON PROGRAMMER

My passion...

**Where
do I
start?**

django
girls

pythonTM

A dark purple banner with a wavy bottom edge spans the top of the slide. In the top right corner, there is a solid pink rectangle.

A good attitude and lot of positive
energy can get you a long way...

Where are the
ladies and why
are they so few?

I realized that it's because:

- ▶ They think it's not interesting
- ▶ They are ignorant of the opportunities that lie in tech
- ▶ They think they won't be successful in tech

How then can we solve this problem...?

- ▶ Re-orientation
- ▶ Rather than blow off the flame, why not ignite the spark
- ▶ Mentorship

Technology is better for everyone
when it is designed by everyone!
